Sixth Density Consciousness

Currently working on this- 6th density consciousness. It's all about balance.

The 6th density of consciousness is described as a realm of pure love and light, where beings are extensions of their Higher Self or Soul. While 5th density might focus on the "perfection" of all things, 6th density beings are more inclined to acknowledge that perfection while also extending compassion and understanding to the lower densities.

This density is where the subtle balancing of love and wisdom becomes a key lesson for individual consciousnesses. It's a state of being where "sharing, understanding, compassion and kindness" are experienced, even though the beings themselves may not experience the need for such things in their own realm.

"Even though the being knows everything is contained within itself, it still allows for the illusion of service-to-others. It still allows for the illusion of sharing, the illusion of understanding and compassion and kindness." - Bentinho Massaro

6th density is love blended back into wisdom. 5th density is wisdom. 4th density is love.
